Skills

- **Languages**: C, C++, Python, Java
- **Fameworks:** HTML and CSS
- **Tools/platforms:** MySQL, GIT
- **Soft Skills:** Problem Solving Skill, Team Player, Project Management, Adaptability

Internship/Training

- **Skill Development Training-AI & ML for Real-world Problem Solving**
  Centre for Professional Enhancement, Lovely Professional University — June '25 – July '25
  - Completed an intensive training program focused on applying Artificial Intelligence and Machine Learning techniques to real-world problems.
  - Worked on computer vision applications and Generative AI models using Python.
  - Gained hands-on experience in building real-time AI-based systems.
    Tech Stack Used: Python, Computer Vision, Generative AI

Project

- **Real-Time Smart Traffic Management | Python, OpenCV, YOLO**
  Focus: Computer Vision, Artificial Intelligence, Real-Time Processing — July'25
  - Designed and developed a real-time traffic monitoring and optimization system using CCTV feeds.
  - Implemented YOLO object detection for accurate vehicle detection, classification, and counting.
  - Calculated dynamic traffic density to support adaptive signal control and reduce congestion.
- **Flappy Bird (Game Development) | Python, Java, JavaScript | Live**
  Focus: Game Logic, Physics Simulation, Collision Detection
  - Developed a functional clone of the classic Flappy Bird arcade game.
  - Implemented gravity mechanics, player input handling, randomized obstacle generation, and robust collision detection.
  - Applied object-oriented programming principles for modular and maintainable code structure.

Certificate

- Software Engineering: Implementation and Testing by The Hong Kong University of Science and Technology | Link — May '24
- The Bits and Bytes of Computer Networking by Google | Link — June '24
- Foundations of Project Management by Google | Link — June '24
- Google AI Essentials Professional Certificate by Coursera | Link — July '24
- Al & ML for Real-world Problem Solving by Centre for Professional Enhancement | Link — July'25

Extracurricular Activities

- Web Ka Hackathon by Lovely Professional University - Certificate — Mar'24
- Practicing Data Structures and Algorithms on LeetCode to strengthen problem-solving skills
- Achieved 5 stars in C and 3 stars in Python on HackerRank through consistent problem solving

Education

Lovely Professional University — Punjab, India
- Bachelor of Technology - Computer Science and Engineering AI and ML: **CGPA**: 6.67 — Since August'23

Dr Hima Sekhara Junior College — Anakapalli, Andhra Pradesh
- Intermediate: **Percentage**: 75.2 — April '21 - March '23

Z P High School — Thummapala, Andhra Pradesh
- Matriculation; **Percentage:** 96.2 — April '20 – March'21
